Product description      Disposable electronic cigarette, with a capacity of 9000 puffs and a declared volume of 18 ml.

                                 Risk type      Chemical

Risk description      The product has an excessive amount of nicotine-containing liquid (declared volume: 18ml). This could lead to the accidental consumption of a high dose of nicotine. Nicotine is acutely toxic and can endanger the user's safety, notably if the product comes into contact with the skin or is ingested. Additionally, it does not have an information leaflet. As a consequence, consumers cannot make informed decisions regarding the safe use of the product.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Tobacco Products Directive.
