Product description It is an electronic cigarette in a blue-black colour, designed to

hold four 2ml pods at the same time. It allows the user to vape from two pods simultaneously.

Risk type	Chemical
Risk description	The product has an excessive amount of nicotine-containing liquid (declared value: 8 ml), within the four 2ml pods. This can lead to accidental consumption of a high dose of nicotine. Nicotine is acutely toxic and may endanger the safety of the user, especially if the product comes into contact with the skin or is ingested. Furthermore, vaping from two pods simultaneously results in the inhalation of a mixture of substances that may interact in unknown ways. The potential effects of such chemical interactions on the lungs have not been assessed, posing an additional health risk.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the requirements of the Tobacco Products Directive.
Country of origin	People's Republic of China
Measures ordered by public authorities	Withdrawal of the product from the market Importer
